## REASONS FOR ALLOWANCE

### *Continued Examination Under 37 CFR 1.114*

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 21, 2004 has been entered.

2. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a television with a built-in DVD device. The independent claim 1 identifies the distinct features: "a filter substrate disposed within the shielding case and operatively connected to both the DVD device and the television circuit substrate, the filter substrate acting to reduce a noise component flowing from the DVD device". The closest prior art, Higuchi et al (US Patent No. 5,673,090) and Harrison et al. (US Patent No. 6,532,004), discloses the video integral-type television, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2614
